Capt

Confederate States Arsenal,

Columbus, Ga., Sept 15 1864.

Colo M H Wright

By Columbus Arml. - Augusta Ga
Colonel

You have received instructions from Ordnance Bureau to cast 3 inch & 32 pr rifled gun shells also to have ready 800 arms for Reserve Florida troops, as the arms are without ram rods it is advised to make them from iron. Freeman offered to furnish steel (spring) at \$4. I referred him to Major St. to arrange the matter, as I think iron ramrods will not last long, & again it will be necessary to furnish them.

I have notice from Walker, who is at Montgomery, of shipments 3 Cars of pig iron, also wrought suitable for horse shoes & other purposes.

Colo De La Cruz wrote you to discontinue contracts for Bayonets, & advised to rent forges for making horse shoes Major St. is making arrangement to that effect. -

Colo White sent request for Bayonets, 1000 for Calib 69, 500 Calib. 57 & 500. Calib 58.

As the 500 sets of Artillery Harness is in progress of manufacturing, besides those ready in store, I deemed it proper to stop selling more of them, until those in hands of workmen shall be finished, or otherwise decided by you, I requested Major St. to give order to Contractor to furnish Saddle trees.

Captain Warner of a Vag promised to furnish upper for making up for rifle shells at \$4. per pound; -

I understood the Court inquirer in relation to burning stores at evacuation of Atlanta, is dissolved, & the result is

M'Alacken, is removed & Major Ayer is appointed. The other
parties are acquitted

As I wish to see you, yet permit me to advise you not
to come until you will be entirely restored to health, &
free from fever, this place is more unhealthy than any
I was in, so it is of no use to come, & may prove perhaps
worse than original indisposition. Be assured
all will go harmoniously, & Major is kind to assist me

~~the~~ Bulletmoulds are casted, from which I received one for
57 & one for 54 caliber. - & the Stry works will be
augmented.

If you can get some wood well seasoned for making
frames, it would be help. as not a ~~rod~~ foot of suitable
wood for that purpose can be procured here.

Boat is gone home for ten days furlough. I wrote
to Colo Gorgas about his appointment & I believe
he ~~will~~ shall receive it -

Very Respectfully

24th March 1862

Major Geo. I. Garner
M. S. G. Head Quarters 2^d Grand Division.

Army of the Mississippi
Covington Miss

Major.

In obedience to Special Order No 14. of the
21st inst. Head Quarters 2^d Grand Division Army of Mississippi
I proceeded to Columbus Miss to inspect Ordnance Depot
established at that place.

The Depot is under superintendency of Mr W. A. Hunt
and it is, as yet, not ready for execution of work on large
scale, owing to delay of transportation in removing of
Ordnance & Ordnance stores from Memphis.

The armory & machine shop is established in rather too
small building, the workmen are employed on altering
Sporting rifles to that of caliber of .54. but the work
is indefatigably executed. They also turning & boring
3 field bronze rifled guns and 5.12 par field bronze
Howitzers. As soon as the new brick building 200 x 50 ft.
now under construction, will be finished the machinery &c.

shall be removed, and the execution of work will be more rapid & better executed. —

The Laboratory is temporarily established, & at present is not in satisfactory condition, It is intended to erect frame house 50x25. for the purpose

The Ordnance & Ordnance Stores, on hand are very limited. Mr. Washburn who is absence of Mr. Hunt is in charge, told me, that it is sufficient supplies of them on their way from Memphis to this place —

The machine for making percussion Caps arrived here yesterday. I instructed Mr. Washburn to put up it without delay, & to commence manufacture of Caps immediately, he assured me of having plenty materials for making them. —

Thirty men are employed in repairing arms & twenty in Laboratories. — The scarcity of workmen at this place compelled superintendence to take measures to bring them from Memphis. —

The machine for making Borman's fuses is in order & very useful for percussion Laboratory work is ample. —

The energy & attention of persons, in charge of

the different branches of Ordnance service, promises
them in the course of three weeks. This establish-
ment will give satisfactory result in furnishing
greater part of ammunition for the Army

The letter of Lt Colo Elger with an endorsement upon it, by the Commanding General of 24th inst. in relation to the inefficiency of transportation of Ordnance & Ordnance Stores, has been received. In obedience to it I ordered Captains Dunlap & Warren to proceed on Mobile & Ohio & also on New Orleans central Rail Roads & collect scattered stores

I was warned of this deficiency, on the 11th inst I ordered Lieut. Johnson C. S. Marine Corps on the duty, who is at present travelling from place to place & forwarding scattered stores, to their destinations

I also requested Officers forwarding supplies to send them by special messengers, the request is complied with & I presume to believe the stores scattered, are those forwarded from abandoned posts.

Under these circumstances, permit me General, respectfully to observe, that unless strict & peremptory orders be given to each & every Agent on rail roads to transport attentively & without delay the Ord & Ordn Stores I do not expect better result

Brannan's Office, Corvallis.
Dear General, I have the honor to acknowledge the receipt of your letter of the 25th inst. 1862.
I am, Sir, 2nd Corps Army of Miss
General, I have the honor to acknowledge the receipt of your letter of the 25th inst. 1862.
of the 25th inst. I have the honor to acknowledge the receipt of your letter of the 25th inst. 1862.
am unable to say, at present, since I am supplying the
ammunition required. As soon as it is done, it
will be issued. This morning 35,000 of Rapp's Muzzle
Cartridges were received & immediately issued to
Brigade of General Aikens.
After the battle of 6th & 7th 36,000 Enfield Cartridges
were ordered in December & telegraphed to Col. Fergus
& received but answer, that they will be sent from
Augusta & Savannah. Col. Gill from August
brought 19,000 which was issued; To day 35,000
was received from Baton Rouge & they are issued
as stated above. I requested supplies from the
Vernon Arsenal, & received answer from Captain
Henderson, Ordnance Officer at Mobile, that Captain
Winter is ordered to supply them. I took every
means to have the supply, but at the same time
it is impossible for me to say they will be ready.
As to the ammunition fixed for field gun, according
to Brannan's Manual, it was in store for 6 per
gun 540 Spherical case shot which number is
sufficient for thirty pieces. For 12 per Howitzers
was on hand for 22 pieces. Since that time

489 6 for Guns & 268 12 for Howitzer Spheri-
cal Case shot was received giving it for
53 6 for Guns & 15. 12 for Howitzer
in all.

I requested verbally Major Stoop to furnish
me statement of number of Batteries & by
the letter of 18th inst. I renewed my request
but without success.

The requisitions are made without regard
to Finance. As a result the consequence is
I have too many solid & not enough of sphere
Case shot.

In addition permission is given to mention. I wish
every step to have ample supply & where
is the neglect I cannot say. Every day I
am coming from Paris Road. I see from
Dunsmuir stores and knowing where they
come from.

I am, General.

Sir

Your endorsement by order of General
Beauregard of the 28th is upon a letter of Acting
Br. Gen. F. Marmaduke forwarded by Major Gen.
Glavin is received.

I am respectfully to state, I was under impression
the Brigade of Brig. Br. Gen. Marmaduke is com-
pletely armed. Br. Gen. called in person, & selected arms
for his command which ~~was~~ were delivered to him
as soon as despatched.

The distribution of ammunition is equal to every
Regiment, & at present only thirty rounds of
infantry rifle cartridges are in hands of troop
to whom were issued, & not single cartridge in
store house.

Concerning Artillery ammunition I do not know
reason, why it is not received as is sufficient
supply of it in depot.

The artillery since last engagement was modified
three times. Guns are exchanged, ammunition
received & turned in, & the army is as yet
nearly in the same disorganization as in first
day after fight.

I rec'd advice of Enfield Cartridges which I hope will come in short time.

I have no idea what strength of Regiments or Company is, to whom should be made issue. The requisitions ^{are} made at discretion in many instances; & if not comply with, enforcing regulations is considered unjust.

Under this circumstances my actions are not only difficult but very disagreeable, & really I believe no man could satisfy demand of many Officers.

I observed, the ammunition is not properly taken care of, thus rendered to defect from side men is nearly unfit for service. Bundles of Cartridges are unbound, & the cartridges carelessly put in boxes, which being exposed to sun & dampness is insufficient protection.

I observed also the men going on leave of absence ~~take~~ are carrying with them Flasks & Cans.

In and permit me most respectfully to remark if the Commanders of Companies pay strict attention to Ordnance Stores issued, it would be less demand for ammunition & save greatly expenses & labor.

I am, Sir

The following is an extract from a letter of Major Childs, Ord. Officer, Charleston S. C. just received at this Office:

"There is also in this city an Agent of the 'Western Dept.' Mr. Quinn with credentials from Major Childs for the purpose of purchasing Ordnance Stores for the Western Army. He has been here for a long time, but says he is instructed 'not to buy anything or wish to buy for the Dept.' Mr. Quinn is instructed to purchase everything wanted by the Dept., it seems to me that Mr. Quinn's Commission is superfluous, he has several times bought stores at higher prices than he could have obtained them for."

This is in direct contravention of an order from this Bureau. Ordnance Stores must be obtained from Charleston, through Major Childs & from other posts at which Ordnance Officers are stationed, through those officers. Let Mr. Quinn be immediately recalled.

I certify that the above requisition is correct & that the articles are required for arming the Troops stationed in Military district of Matamor. Hence the Muskets required it would be advisable to exchange arms now in hands of troops: being only 1500 efficient muskets in the hands of Soldiers. The arrangement for these batteries of gun artillery is made at San Antonio & Mobile. & for their equipments & ammunition a requisition was forwarded to Major General Sherman & reported to Ordnance Office Summer 29th 1864. It is expected the gun Artillery shall be ready for service shortly.

Your letter of the 9th inst is received. I present me in answer to it respectfully to observe, that it was & it is my highest ambition & desire to supply you with every thing necessary, but unfortunately I have no means to know what you want as I never received any full report what you have, & your artillery is so often changed -

I sent ammunition for two Mountain howitzers 100 rounds to each, the ammunition was lost I sent the other supplies. As 100 rounds with such small guns are sufficient, & I considered too much ammunition will be only embarrassing to you. I wrote that our supplies are very limited, but I do not see any result, of my representation.

If you wish to have large supplies please send requisition & I will endeavor to procure supplies

In pursuance of Comdys. Order verbal
issued, I requested Captain J. H. Robinsons Company Reserve
Artillery, to turn over to this depot 2. Howa Guns the guns
are turned over but not complete as they were used few
weeks past. The limbers are exchanged, ammunition boxes
retained by Co for gun ammunition boxes but are your
implement chain with both removed, one prolonge broken
broken or over one and with addition of Sponges & Drammers,
Hornpipes for pouring water & Blankets & Cartridges
are not returned

Therefore I respectfully request that the balance of imple-
ments the other limbers, proper limbers & proper ammuni-
tion boxes be returned to this depot. The guns as they
are now can not be used in active service and I
have no means to replace them -

The limbers issued to Capt. Robinson, are intended to
be a part of Wagon, & they are not to be extra
for each gun. The amount of ammunition required
in future for the guns at 200 rounds each to be
3 per 12 pound. The number in shells & limbers proper
is 1028 limbers 1022 rounds to be put in limbers
which will extra. Eleven of them will contain 10 & 6
rounds being only 16 rounds left. Surely 16 rounds
can be put in any wagon or battery Wagon & I
do not see necessity to have one limber for 16 rounds

I am ordered by the Comd'g General of the Army, to request you, that you will send to the Ordnance Office of this Army a instrument for measuring the distances. The General gave me a model for it.

The model of strong brass, being made in principle of of scale attached to Russian Glass with metal slider. is the following in it is attached to a thin cord; To measuring, the end of cord is held between both the arm is extended with instrument, to the length of Cord the sight is taken to the height of an object, & slider fixed to sight in all the feet of the same steel General suggested that the graduation of scale can be made, taking height of the object to be in feet: at 100 yards & moving the same object to distances as on scale, it would give number of yards. The cords he thinks should be two feet long. Please let me know whether it can be done & at what time finished.

Ordnance Office
Wm. March 11th 1864.

I request, that the requisitions of Captain M. J. H. Smith, for Ordnance & Ordnance Stores, may be filled & the supplies forwarded to him, as soon as circumstances will permit.

I know it is too difficult to supply all the demands of this Army, but notwithstanding all my efforts I can not impress upon, that our resources are limited. I represented the case to Chief of Staff without any result.

Yesterday I approved two large requisitions for Artillery by Order from Field Genl, which I previously submitted for consideration. The small arms, are changing frequently.

Two weeks before we dismissed some Belgian
Rifles were issued, now these arms are con-
sidered worthless. The Austrian Rifles which
short time ago were considered best in the
service, to day are pronounced very inferior.
One Regiment of Cavalry 4th Saxon wants
to change all their guns, - Where those arms
can be procured I am at loss. Some they
want Enfield, the others smooth bore &
their notions change weekly. Some one
thinks all this demands are to ruin the country,
and is so aggrieved, that I am disgusted.
If it should & must be done, if in any
possibility. I never can know what time
the army will be supplied, & never expect it,
not a day passed, that I have not at least
three Requisitions submitted for approval.

Colo Geo W. Brown
Major Genl Army Penn
Colonel

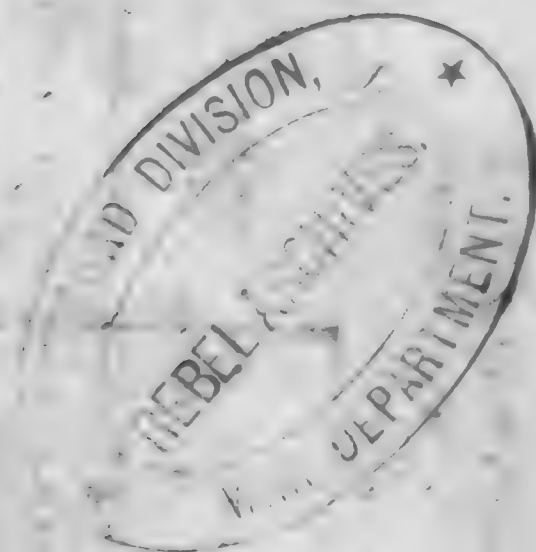

I have the honor herewith enclosed to
transmit to you a copy of Col W. Wright's letter dated June
2 recent this day. His respectfully request, is approved by
The Commanding General of the Army, than an order
be given that no Officer or other person be permitted to
go to the rear for any supplies of Ordnance & Ammunition
Stores, only by order from Head Quarters of the Army, being
applied for previously from this Office stating both the
necessity of the journey, & certifying that the supplies can
not be ~~securely~~ obtained otherwise. Also that the requi-
sition for supplies be made in Concise form by the
Chiefs of each Corps.

After battle of Shiloh, Major Genl was ordered to deposit
Ordnance Stores at Catfish Creek. Lt Genl Hardee in ap-
proving the Command of the Army, ordered to remove
Depot from Catfish Creek to Atlanta, Genl Humphreys in
Charge of Depot at Catfish Creek was instructed to proceed
to Atlanta, to carry order in regard to Depot, but
notwithstanding all efforts, he could neither obtain
building for that purpose, nor procure means
to build one. The result being communicated to Genl
Hardee, he ordered me to reclaim Depot at Catfish Creek.
The Letter of Col Wright shows, he is too much oppres-
sed in his legitimate duties by making issues to the Army.

in detail, & it would be beneficial for the service to
establish a Depot at Atlanta. - as the business in it in
Cathlamet is not so great as no tracks are stationed there
if my application in regard to establish depot at Atlanta
is abandoned at Cathlamet, be approved. By the Comd'r
General I request that The Genl Mr. Pugh
be sent to furnish suitable quantities of
stores at the Depot.

Very Respectfully

Sir, for Gorgas

Chief of Ordnance U. S. Army
Richmond

Sir,

~~Enclosed~~

I have the honor to report,

that, on the 28th instant I attended practice of Field Artillery; the hollow projectiles from Rifled guns were fired with Girardin fuses prepared at Augusta Arsenal.

The guns used were U. S. 10 lb Parrott. One of twenty rounds of shells fired with these fuses, three only acted badly. Seventeen exploded on striking the object, some of them falling in very soft ground. Three of them with wooden fire with zinc & balance with brass fuse - fuzes. Two unexploded shells did not take rotary flight, but turned ~~end-wise~~ ^{one-wise}, & one exploded twenty yards from the muzzle of the gun.

I consider the fuses better, than any used, which came under my observation, for rifled gun projectiles. The Artillery Officers attending the practice are satisfied with their efficiency.

Therefore I respectfully request, if consistent with your view, that in future, the projectiles for Rifled guns of this Army, be ordered to be prepared with Girardin's fuses.

On examining projectiles for the rifled guns in limber chests I found shells prepared differently, some of them

manufactured in U.S. other in different C.S. Ironworks.

The shells with copied cups, having holes cut in their sides to communicate fire to, proper fuses, did not flew as regularly as those having thicker cup and no cutting in them; and those which cups are filled with lead are useless.

I should respectfully suggest, to have shells prepared with thicker cups about $\frac{1}{8}$ of an inch or more thick, on the bottoms & tapering to $\frac{1}{60}$ at the ~~edges~~ edges, and as the copied will not adhere strongly to iron, I believe it would obviate the insufficiency by making three holes in the bottom of the cup & to cast the projectile upon it.

The charges were of different powder & different weights & having no scale to ascertain & regulate their weights I could not judge of ranges.

It is difficult in the field, to establish any reliable data as to the accuracy & efficiency of copied fuses, especially as the Officers commanding such Batteries are changed, & no level ground can be selected for practice, seems one that one Officer detailed for their special duty ~~will~~ make more, than three in the field.

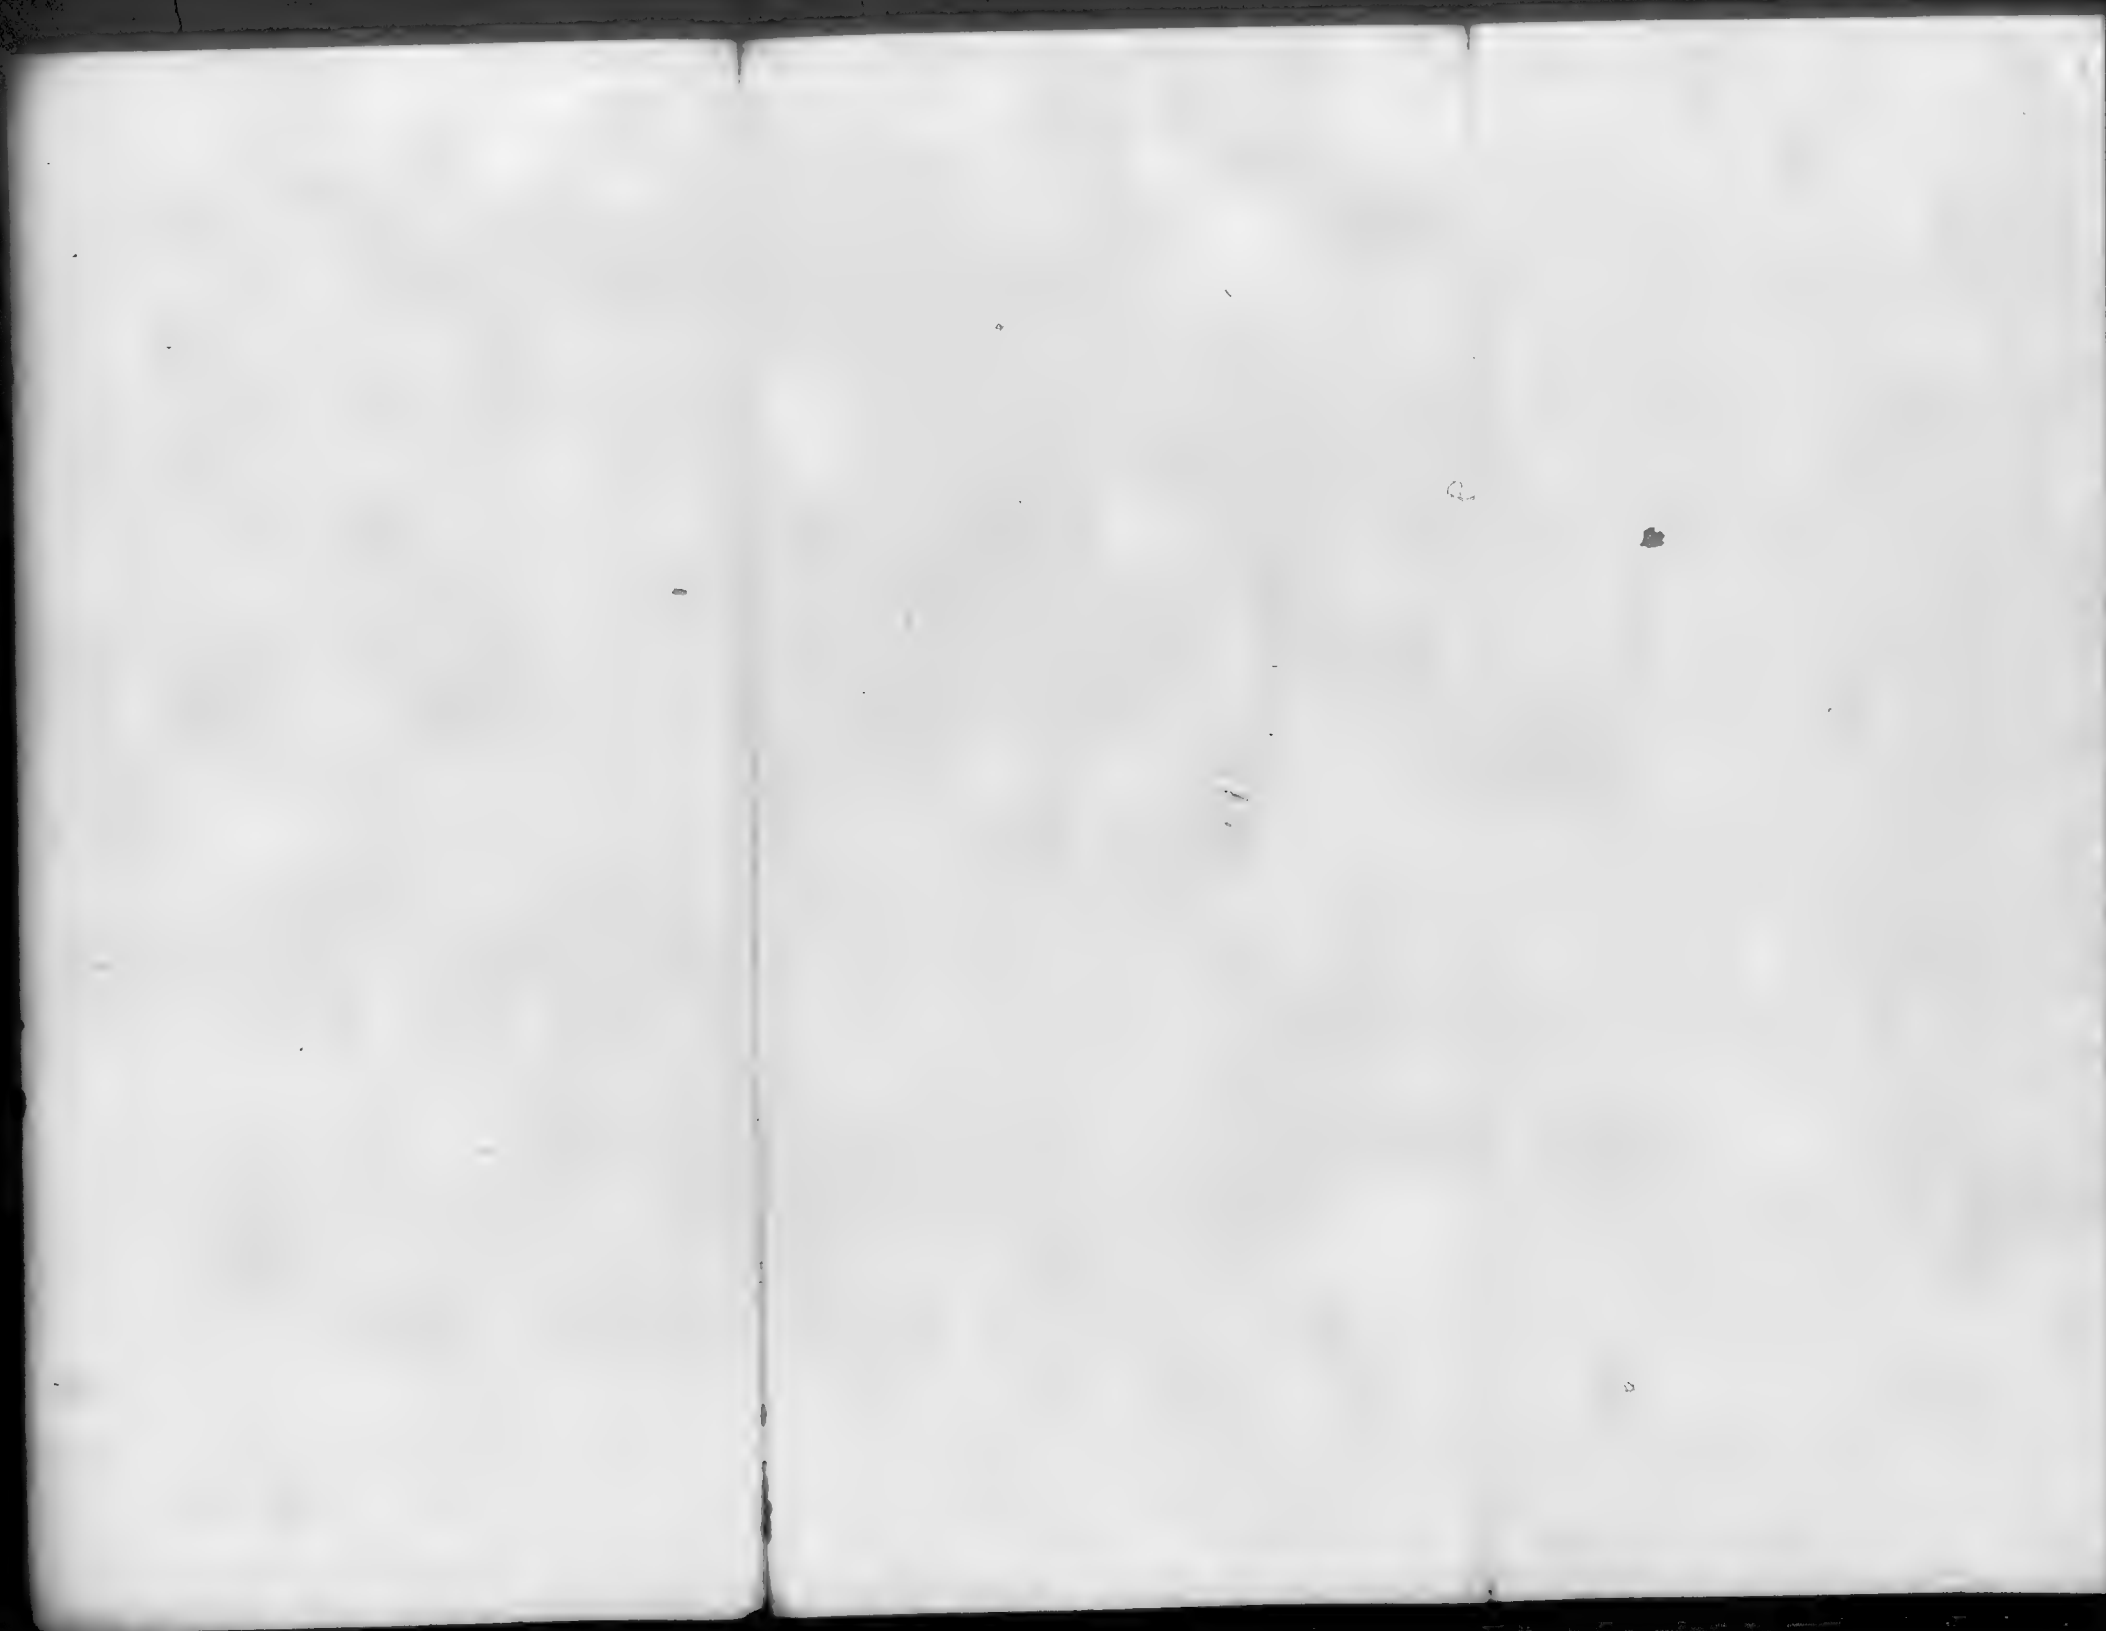

The experiments were intended to be continued to day but by some movement of enemies is postponed.

Very Respectfully

Your Obedt Servt.

Sir

The premature bursting of hollow
projectiles so in this, as in the Army of Virginia, as I was
informed by Colonel LeRoy Brown, and especially those
provided with Borman's fuses, induced me to examine
them, and respectfully to report the result

The cause, as I expected, is produced by careless insertion
of the fuse in to projectile, or by their length being less than
the cavity of projectile in to which fuse is to be screwed.

I found many of them so loosely screwed in, the thread
of fuse being different from that of the projectile, that
I could unscrew, without any difficulty, fuses with fingers
without assistance of a wrench, the inside screw could be
removed with a knife, some of the fuses were nearly
1/2 shorter, than the depth of funnel screw in projectile.

In one box containing 14. 6 pr Saker's Case Shot, 9 of
of that description were found. - If your instructions
of last year were observed, I have no doubt the
inefficiencies would be corrected provided the fuses were
not so small in the cavity of projectile too large

I am unable to state the place at which that ammu-
nition was prepared, as the boxes containing it, were

not marked.

Permit me also to report, that some commanders of brigades in this Army, persist in their idea that elongated balls should be used in loading arms with paper upon them. I demonstrate against it but without much satisfaction, the consequence is consequent confusion & returning cartridges. To obviate in future unnecessary labor & greatly of vexation I respectfully request an order be given to this effect.

The unnecessary & careless waste
of ammunition by Cavalry, induced me respectfully to request
if compatible with your views, to order furnish to Cavalry
Cartridge boxes, containing no more than twenty rounds.

For many instances Cavalry is armed with muskets
& other infantry arms, forty rounds is rather too heavy
& cartridge boxes for this kind of ammunition rather too
inconvenient for a man on horseback & the conse-
quence is, that men throw away boxes & carry their
cartridges in pockets, which are entirely destroyed in
short time.

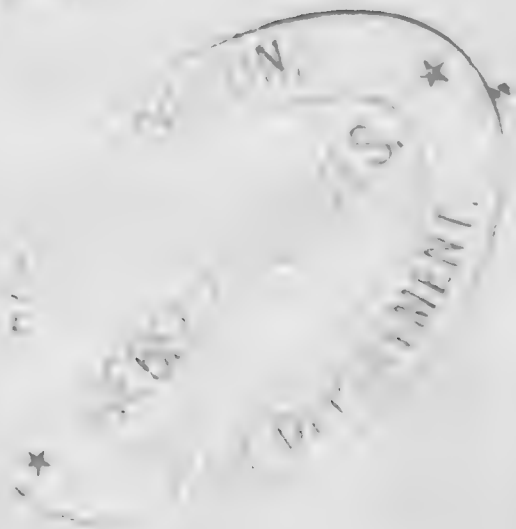

I should suggest the boxes be constructed to be carried
on waist or Sabre Belt & have only one row for
cartridges

I have the honor to report, that the establishment at Holly Springs for manufacture of small arms, is a large wooden frame house, but the machinery is, as yet in an unfinished state, those parts of it which are now ready for use, are of no latest improvement & the other under construction, require time & money to be put in state of efficiency.

Judging from parts of machines now finished the prospect of manufacture of arms may give satisfaction.

There is also a gunnery and a rolling iron machinery, but is in unfinished condition, attached to the establishment.

A few good engineers are required for the Government steamers bringing in arms and other supplies from Bermuda to Nassau and if you have such men of reliable character their services would be particularly valuable at this time.

Col. Gorgas directs me to call your attention and ask if you cannot, through the Commanding General, obtain the services of two or three competent engineers and have them ordered to Captain J. V. Archer Ordnance Officer at Wilmington, N.C.

Your favor of the 12th Inst. is received, and in reply I have the honor to state, that Officers cannot be appointed under Orders N^o 24, 1862 by Generals of Divisions, Brigades. These Orders relate simply to the assignment of Officers already in Commission to Ord. Duty, of course, such Officers receive their pay according to rank from paymaster.

When, from a misunderstanding of these Orders, non-comm. officers, privates, or civilians have been appointed & assigned to such duty, they have a claim, in equity, against the Government, for services rendered, and this claim properly vouched for by the General under whose orders the services were performed, would have to be paid out of Ord. funds, but as there is no authority for such appointments up to Sept 1st 1862, it would be safest for Ord. officers not to pay these claims, but to forward them to the 2^d Auditor of the Treasury for settlement.

Under special Order N^o 302, &c. &c. &c. Dec 26th 1862 services of the sort in question & vouched for as mentioned, can be paid for by Ord. Officers from the date of the first publication of the Examining Board, up as late ^{as} say the 1st Feb^{ry} last for the Department of War. Enclosed is a copy of these orders. By order of Col. Colonel.

Your letter of the 5th inst., accompanying
reports of practice with 12 inch Napoleon, 10 inch
Parrot, and the 5 inch Rifle gun, has been
received - and read with interest and attention.
The ammunition prepared at the Rich-
mond Arsenal - for the 10 inch Parrot, is essen-
tially similar, in every respect, to that used in the
U. S. service. When opportunity is afforded
and opportunity to test it must.

Experiments have been made of Mapi's Rule -
under whose superintendence the forms were
prepared, and a report made. I shall be pleased
to receive any information you may have in
relation to the rule, the regulation variation of range
observed in your practice.

The absence of level ground in Virginia has
led to great mistakes in our former estimates
of distance, and if the difference of levels in
the positions of target & gun, be very great, a
person not skilled will doubtless be misled.
In going carefully over the reports of practice

with the 10th. I am not sure, or the 3rd inst; I am the
following. 8th inst, 745 elevation, 5 Sec, 100 yds, shell,
large 100, distance 100 yds, 100 yds, 100 yds
burned 9 seconds. burnt in air.

By observing the above you will perceive that you
shoot the fire second fuse. burned 4 seconds,
yet the shell only delayed 100 yards & burnt in the
air. & the fuse could not have burned longer than
it took time & explosion; and yet it is not pos-
sible that the projectile was 9 seconds in pass-
ing 100 yards through the air.

These mistakes lessen the confidence to
be placed in table & the character. All the
statements should be corrected.

It is perhaps even of record, and I call it
your attention. only that a greater care is
prepared the table hereafter. may be observed.

Respectfully yours -

Congress has now under discussion a bill increasing the Ordnance Corps fifty.

These appointments will ^{probably} be made with reference to the number of troops in the field from each state and from examinees now on duty under your order.

It is manifestly proper that such examinees as may have proved their efficiency should be regarded as having the first claim for appointment, and I desire that you will send to me a list of such persons (Examinees) as have by their efficiency earned Special Commendation - designating them by States and in order of merit. in your opinion.

I trust the enforcement of Genl Order 148 of 1863, and No 6 current series which were specially enclosed to you from this office on the 11th and to which your attention was lately invited, will go far to awaken officers and men to a sense of the value of public property.

Your letter of the 25th inst has been
recd.

You will observe that Genl Order No 12
current Series authorizes duty for one half
only of the "Examinees" - to be taken from the
head of the respective lists

The law authorizes the appointment of
70 Additional Officers for Ord duty.

129 persons have already passed the ex-
amination - and 58 of these have been
nominated leaving 12 nominations for
the Trans Miss Dept when examinations
shall be held there.

Some of those who passed as 2nd Lieuts
will receive appointments as the list of
proficients is not absorbed by the nomina-
tions now before the President.

Examinees now on Ordinance duty and not
reached by the nominations, may be retained
unless there occurs a surplus of Officers
on Ordinance duty, designated by Genl Order
on

No 33

When officers cannot be procured for Ordnance duty by application there preference will be given to "Examiners" who will however be regarded as Civil employees and paid out of Ordnance funds. And subject to be superseded when officers can be assigned.

The Orders to Capt T.A. Smith and Lt Col G. Waller have not been revoked and will remain in force until you can reply to this.

The "Enfield" method of putting up the Cartridge presumes that the Ball is put into the barrel with the paper on. You will observe that the ball is placed with its point upward, or towards the powder. It differs in this respect from the U. S. pattern which is also used in the Laboratories.

I beg you will observe this Enfield Cartridge - It is made with a stiff interior cylinder, and is probably better arranged to preserve the powder in the Cartridge boxes of the gun than the ordinary Cartridge.

I fear the Cartridge put up by the machine in which the paper is punched into the ball and the ball left uncovered, leads to great destruction of Cartridges.

I propose adopting the "Enfield" method for all elongated Cartridges and make your observations on the subject on

Rec'd. July 5th, 1862.

Richmond, Virginia, June 7 '62.

Brig. Genl. Henry A. Wise,

Dear Sir,

I am sorry to trouble you in regard to my own welfare, but the unpleasant circumstances surrounding me and my utter helplessness at present lead me to make of you the following request: that you will assist me by giving me a recommendation, or otherwise, if you think proper, in getting a Commission as Lieutenant in the Confederate Army, to be assigned, if possible, to some Department already in the field. I would prefer the Artillery or Engineer service, could I get in it. I cannot do this without the assistance of my friends as I am at present in the ranks.

I may state that beside, having been a Lieutenant in the University Volunteers, attached to your Legion in Western Virginia, I was at a Military School more than two years taught by Col. Geo. B. Stranger in which I stood as second Captain. As to my general education & acquirements, I may state that I took the Degree of Master of Arts at the University of Virginia in July 1861.

When I left you at Great Bridge, I attempted, as I told you I wished to do, to raise a Company under authority from the Secretary of War, in which I had very little encouragement. I then joined a Battalion which Capt. Martin was raising under similar authority with a view to a Lieutenantcy & then the

Adjutancy, and was again disappointed by the Battalion being broken up by Genl Auger's orders after it had really been formed. Thinking it a disgrace to remain longer out of the service I immediately enlisted as a Private and have remained so since. Since that time I have moreover been cut off from my home in Prince's Anne & consequently have no means of support from my father.

I am at present in the 14th Virginia Regiment, Col. Hodges commanding, and was wounded in the shoulder on Sunday last, though not seriously, while raising my gun to fire at about 20 of the enemy when within a few yards of me.

If it could be possible, General, I should much prefer being attached in some capacity to your Brigade or Staff, provided it suit your pleasure. I shall however be grateful for any assistance you may think proper to render me; and if you send me a letter, will you not do so by Tuesday at next, as I wish to make the application on that day? -

I am, very respectfully,

Your obedient servant,

Wm. W. Ald.

Sir,

I beg leave to lay before
you the within letter to you from Mr. Wm. R. R. R., just recd. by me.

I take a pleasing interest in
vouching for every word he says in his
behalf. As you may see from his
manuscript and style he is an educated
gentleman. He is the son of a wealthy
County Man & friends of mine & I have
devoted as the son to the Southern Cause.
He joined the Gallant Company of University
Grads in very September and served with
in Western Virginia. His letter tells its own
story, and I must commit back it with
whatever my testimony is worth.

I ask a Lieutenant's commissions
for him and that he may be assigned to my

To introduce

Mr Old.

University of Va.
July, 25, 1862

My dear Garlick,

I beg permission to introduce to you, Mr. W. W. Old, who will hand you this. He is from Prince George, & a master of arts of the University, which owes much for his intelligence & general culture. He was a frequent visitor at my house, and a teacher in our Col & Sunday School, which brought me closely in contact with him. I can therefore speak with the more confidence, of his character as a Christian & a gentleman, in both of which capacities I commend him to your acquaintance & good will.

He was Lieut in the Company of "University Volunteers" raised here last year, & under Gen. Wise's made a campaign full of suffering and hardship in West Virginia. Since that Cape was discolored, in consequence of the reduction of its numbers by disease and death, Mr. Old has become a private in a Company of Heavy Artillery assigned to the defense of Richmond, & was awarded

during one of the earlier engagements
near the city. His present position is
of course very irksome & it appears
an uneconomical use of material
so to employ a man of understand-
ing and of refined education. He
is naturally desirous to improve
it, if possible, and his wishes be-
coming known to his former Com-
mander Genl Wise, he addressed
a letter to Genl Harshbarger asking
a Lieutth Comm. piece in the Artillery
for Mr Old, and that he should
be assigned to his command, but
thus far without avail.

The success of former applica-
tions to Mr Secretary, in behalf
of friends, does not warrant me
to renew them, but I think it is
due to Mr Old to testify to his mer-
it, and to my conviction that a post
in the Engineers or Artillery Depart-
ment would be well bestowed on him.
I am sure he would make it a
point to learn, and to discharge
his duties with fidelity, zeal & accu-

2227. If you can make this testimony
available for Mr. Old, or can otherwise
serve him, I shall be particularly
gratified.

It may serve to illustrate Mr.
Old's efforts for the formation of an En-
gineer to add that the most graphic
and intelligible accounts of the late
battles which have met my eye, are
contained in his letters to me, ac-
companied by neat diagrams of the
localities.

With affectionate regards, I am

Very truly yours.

Switzerland, Oct.

January 4, 1861.

My Dear H. J. Hill,

Dear Sir

You have doubtless been informed before this of the disbandment of the Company formerly known as the "University Colonization", in effecting which I was instrumental. I should have deemed it proper to have informed you of this long ago, but for the fact that I have expected to see you personally since it has been done, when I might be favoured with an interview with you & may say in justice to myself, that I submitted your letter opposing the disbandment of the Company, and represented as far as I could the views of all the other officers with whom the Company was connected.

My services remain at still yours
if you think proper to demand
them, provided I should not
in the near time be called to
some other grade to an eligible
position. Should it not be your
good pleasure to call upon
me to serve with you in some
capacity, or should I be disappoint-
ed in other expectations, this
my desire to join some military
Company as a private and serve
the Confederate States, if necessary,
throughout the whole war
With many regards,

I am very respectfully,
Your obedient servant,

Sir,

In consequence of the disbandment of the
"University Volunteers," of which com-
pany I was an Officer, I am with-
out any fixed place in the Con-
federate Service. In view of this fact
I respectfully ask that you give
me a Commission in the said
Service & assign me to some post
of duty. I make this application
with some degree of assurance, not
only from the fact that I have been
in service for more than five mos.
but also because I received some what
of a military education, when at
Lehigh. I should be your pleasure

to grant this request, I may, with
propriety state that, I prefer the
artillery service to any other arm
of the service.

I remain, with great respect,

Dear Sir,

My dear Sir,

From Col. J. P. Jones, to day in a letter to
Mr. Jones, of the
to Sabers, & others,
allowing you to
disposed of
them

I have

just returned from the War Depart-
ment where I conferred with both
Gen. Leeper & Mr. Venable. I went
early this morning, and was told
by a clerk that I could not see
Gen. C. I asked him when he would be
in - '10 o'clock, says he. Well Sir,
I will be in, unmounted, at that
time to see him, and will only con-
sent to be deprived of conferring with
him when he, himself, tells me so.
Nothing daunting. I approached him
at the stated hour, and was ac-
cused of presenting him the letter of
introduction most consciously.
He heard me through, though

very busy, and called me, after a
while to Mr. Benjamin and showed
him the memoranda I had
made out, & he took them one by
one through, making no direct
question, which I answered to the
best of my ability. For I
told him that I was a prisoner
to live from yourself. He told
me that he did not intend
sending any reinforcements nor
relieving us. Hence, let his orig-
inal order stand. That you
with your force move toward
Jackson, him to come east.
He says he does not intend
sending any force, there
nor will Floyd, even as
main value, he is. He ques-
tioned me closely as to what

had been ordered to stay
I have now B. Manning's
in the evening would attack us,
if we remained at M. B. whether
or they would move down there
if we left it. I told him that
you thought they would at-
tack us unless the orange was
a fool, & that if attacked we
would make a desperate
stand & probably be cut to
pieces, for we could not re-
treat even if we desired it. In
answer to the 2d. question I told
him the probability of the
force at Immersville coming
down at M. B. & holding
that Key, as they could
be wintered so easily, if not
more so at that place than
at Immersville. He said
he did not think so, as they

would have to come over all of
those mountains, & across the
Tumpke - I told Mr. H. my
preference as to the Tumpke.
He remarked, Sir we cannot send
forces to Western Va. here we have
not got them to say. I wish that
I have no idea of making a
Campaign - for the winter in
that quarter; nor can we re-
inforce you - therefore as a mat-
ter of necessity, I have recalled
all the forces there. I said well
Sir, I have no room to say -
with due deference to your opin-
ions I would remark that I
believe the enemy will take
possession of the Grant dis-
trict - filled with good
loyal Citizens, and Sir while
I have felt sorry to see
the neglect manifested
towards that section of
the state during the past
Campaign - it now makes
my heart grow sick, though
I am an ardent Virginian,
from I am from Norfolk,
and that vast section

laid a few to the enemy - the
lands, to be wasted - the
citizens, to be eviled from
or insulted at their homes.
And that is the state of
desolation, to be witnessed.
He remarked "it is from a mil-
itary pt. of view & not a polit-
ical one that the forces have
not been reinforced or re-
lieved, nor can I see any
further reasons for changing
my plans - on the contrary
since you cannot be rein-
forced, I see more plainly
the necessity of ordering the
1st Brigade East & that
very speedily." Thus ended
our conference.

I was perfectly charmed with
Mr. Burman. He has none
of that military stiffness
usually witnessed in men
in high station, as these
men, in it was, worth
the trip to me. to have
had such a pleasant
interview - for it was
really pleasant. He as-
sured me, altho' willing
perfectly to hear any re-
marks I might make,
that these movements
would terminate for
the best. He says you
must burn your hubs -
not let the enemy get
them. He wants you
to take your business in
retreating, so that your want
of transportation may be
remedied. I am yours truly

Col. J. Lucius Davis,

My dear Colonel,

It

struck me to day that you have not received my letter, written in Richmond immediately after seeing Mr. Benjamin. Upon this supposition you will pardon me for writing again. I went the next day after I reached Richmond and called on Gen. Cooper, who had me through and then introduced me to Mr. Benjamin. I represented as nearly as I could the true state of affairs in Western Virginia, how that the enemy held possession of that whole Country up to Sewall Mountain. I might come down at any time, and attack us in a most disastrous condition, that we could not, nay we would not retreat. That it was your opinion, which alone I professed to represent, that the enemy would attack us if we remained at Meadow Bluff, or come into Switzerburg if we were ordered away and no troops placed there. In a word, I told him that if he intended

that we should remain & defend that country.
We ~~should~~ have better resources to do so
effectually, such as a large force at
Masson Bluff, a strong reserve of
4 or 5 thousand troops between that
place & Charlottesville, a good body
of Cavalry, and good Roads. But if
we were to be ordered away, as we
has understood, other troops ought to
be sent there to relieve us immediately.
He told me that he could neither
reinforce us nor send other troops there
to relieve us, & therefore, would, be com-
pelled, to order us away, as before intended.
I told him that it was a shame to
leave that Country unprotected, & take
men away from Virginia to protect
the Southern Coast, when Virginia had
already suffered her position from in-
vasion, especially Western Virginia -
I told him it was a shame to
neglect that part of the State for
Eastern Virginia even. I also mentioned
the great want of Confidence which
necessity had caused, in Western
Virginia, of the sufferings undergone, of
the almost total depopulation and
devastation of the Country wh. we
had left behind us, unable to prevent

their small marauding parties even, which ~~had~~
come almost to our camp. take our cit-
izens prisoners, insult them, or murder them
ruthlessly in cold blood; these and other
outrages had already been perpetrated, and
would continue as long as we were left
so helpless in that quarter. He told me
that it was not from a political
but a military point of view that
it had been done, that it was a
military necessity. I told him I had
nothing more to say - except that Gen.
Floyd could afford that country
no protection whatever with his
host at Peters town, whether he had
also ordered Gen. Donalson to por-
tion of the Brigade, our only rescue.
He then told me that Gen. Floyd would
also be ordered away. With this I left.
I conversed with him about an hour - Gen.
Cooper being also present.

You are doubtless aware that our Com-
pany has also been disbanded this effective
last Saturday. I should have returned but
have been expecting to see you every
day - until this morning when I was
told you were on your way to Salem.
I therefore have to resort to writing.
I did not put your money at Mr. C.

Jefferson', nor your brother Spurr, because
I thought you would be in Richmond
this week at least.

My connection with your command is now
virtually dissolved - and it may not be
improper to express my high appreciation of
satisfaction at your management of
the Brigade. To myself, & to all with whom
I command, Colonel, you have given sum-
cient & full satisfaction, notwithstanding
the many difficulties you have had to en-
counter, ~~with~~ which I have been all the
time acquainted. My connection with you
as Adj. Genl. was especially pleasant &
agreeable to myself - notwithstanding my
many shortcomings of which I could not
but be conscious. I still hope to meet
you again - though I know not how
long hence.

To show my sincerity in getting my Com-
pany disbanded, I have already applied
at the War Department for some Com-
mission - to be assigned immediately if
necessary to some part of duty, which
I shall ever try to perform to the best
of my ability. I preferred the Artillery ser-
vice. I had no recommendations, because I
asked none. I have not been home.

With the kindest regards, I am, your sincerely,
Thos. W. Old

and he is now up a little better. He is
 of no doubt and he is so well
 I am so glad to hear
 to go to the house of the
 in his behalf. He is entered the army
 a volunteer private in the summer of 1861
 in the regiment of volunteers raised to
 take the place of soldiers in the army
 I informed him that he must
 work his way up and not expect promotion
 through the influence that my position
 might give him. He expressed my views
 and was willing to stand upon his own feet
 and take his equal chance with
 the other soldiers in the ranks. But
 ever since that time has been so organized
 that the chance for the promotion
 is for all however brave and well
 served alike. The door is virtually

1900-1901

My son went with his regiment
to Kentucky under our arms, under
Genl. & I think was at Bowling
Green. His regiment covered the retreat
from Kentucky to Corinth - My son was
in the battle of Shiloh and in the
Corinth campaign. He or one of the
others was killed under
arms. He was in his regiment and
was in the battle from that time until
the retreat of Huggins from Bowling
Green in the fall of 1862 - Upon the
return of the army to Mississippi
My son was in the 1st. Under the
expectation of the passage of the
staff bill had been detached for
service on the staff with the intention
of giving him the position authorized
by that bill should it become a law.
Which as you know it failed to do
he was with Genl. at the Court Street
of Fort He then when the steamer
was blown up - he was
in the ranks at Jackson after the
surrender of Vicksburg.

to the Trans. Mif. Dep. he carried on;
etc. with him. and he is now on
that side of the river with the
Govt.

I have been informed by an
officer not conspicuous of any
instance of his evading tracing, and
daring in the way, especially in
in which he has taken a part.
If course I would be glad to
see him promoted but I cannot
ask it. The door through which
I expected him to receive it has
been closed against him - he is
well educated, personable, sober
and steady in his conduct.

I make this statement to
you that you may see what you
please upon the subject.

Very respectfully,

Sir

On application this morning
from the papers recommending that he be
as Chaplain of my Battalion I have the honor to
refer you to the War Dept. for its consideration
of which I have no doubt. The papers are
the same as before.

To me I have not been
honor from at least since the 1st of Nov. These papers
show the recommendation of Major General
self as Col. of the Battalion of the 1st Regt. of the
1st Div. of the 1st Army.

Ch. of Col. A. W. V. of the 1st Div.
He came out with the 1st Div. of the 1st Army
he told me that a statement in writing by me
would supply the place. The War Dept. has not
strongly recommended him as a man of great
ability and close work, but as a man of great
faith and courage, and a man of the 1st Div. I am
in a position to do so.

He is now in the 1st Div. of the 1st Army
he is a regular soldier as efficiently & bravely as
the others of this office & is chief of the 1st Div.

He is a man of great ability and close work, but
as a man of great faith and courage, and a man
of the 1st Div. I am in a position to do so.

In pursuance to the foregoing orders, we
the undersigned met at Hempstead
Texas on Tuesday Augth 2^d 1864 for the
purpose of investigating the cause & effect of
the fire there mentioned

Present

Capt. W. M. Minton and Lieut C. S. Schoppman
; Lieut R. W. Harding being absent sick at
Houston.

Capt J. W. Oliver a Q. M. being duly sworn,
testified as follows.

The buildings used for a Harnays making
shop was in my opinion the best to be found
in Hempstead or immediate neighborhood
the foreman and assistant foreman slept
in the building at night, some work-
men were employed in said shop. The
Harnays shop was on the second floor and locked at
all times when not occupied; Joe Graham
& Joe Willis, Foreman & 1st Foreman occupied
the shop and were charged with the care
of the Govt property, they are both sober
and trustworthy men, the statement annexed
(marked A) shows the copies sustained as near
as possible the building was owned by Ahrensbeck & Brothers
from whom I rented the Harnays shop. The fire was first
discovered in the Drug Store of Thompson & started about
2 1/2 o'clock a. m. July 15th 1864. Said Drug Store being in
the same block & near adjoining the building containing

the Harnys Shop

I (Mr. Githam) being duly sworn testified as follows.

Since the 15th day of July 1864 I have been employed in the Government Harnys Shop at Hempstead as foreman on the 15th day of July 1864, the date of the fire. There was on hand a quantity of Leather Harnys makers Tools, Buckles, rings & other Articles of ~~hard~~ ~~wood~~ used for Harnys, as well as a quantity of finished work, such as Harnys, Bridles, Saddle trees etc. The house was seldom if ever left without Mr. Willis or myself being there we slept on the premises for the protection of the Govt. property, no facilities existed for extinguishing the fire, save a few Buckets. There were nine persons in all, employed in the Harnys Shop for the last three months - all were ~~working hands~~ (new work on hand 440 sets of Harnys out of which 270 will be saved

The balance of the employees
came to our assistance immediately
and we succeeded in saving a
number of harness. Our work-
ing hours were from 7 o'clock A.M.
to 6 o'clock P.M., with the excep-
tion of one hour for drilling. From
the Harness shop of safe
and suitable a one as could be
found at Hempstead.

Statement (marked A) hereto
annexed, is found correct.

J. H. Miles being duly sworn tes-
tifies as follows:

I have been in the habit of
sleeping in the Harness shop at
Hempstead, of which I was Assistant
Foreman, in order to guard the
Government property which was
being manufactured and repaired
there. There were workmen
employed in the Harness shop, I was
asleep in the shop at the time of
the fire on the morning of July
15th, 1864, as soon as the fire was
discovered & as well as the balance
of the workmen used were exertion
to save the property as could
until driven away by fire and

smoke; no fire was used in the
Harness shop.

Mr. W. Towne being duly sworn
testifies as follows:

I am agent of the T. L. G. R. R.
at Hempstead; The building used
for the Government Express shop
was as good a one as could be
found at Hempstead; I do not
think the fire occurred through
any carelessness on the part of
Capt. J. Dr. Oliver, P. L. M., or the
men employed in said shop;
the fire was first discovered
in the Drug Store, a few doors
from the Harness Shop - Capt.
Oliver as well as his men used
every exertion to save as much
property as they could possible
until driven off by the fire and
smoke; the building being of
wood, burned with great rapidity.

Mr. E. J. E. being duly sworn
testifies as follows:-

I am a resident of Hempstead
Austin Co; was present during
the fire at Hempstead, on the
morning of July 15th, 1864; the
building was in ashes about day
break, about 1 1/2 hours from the

commencement of the fire; - I con- sider the building as good as one as could be found at Hempstead and as suitable for the purpose for which it was used as an- building; - I saw Capt. Oliver Green during the fire, he was exerting himself to save as much as possible and attempted to enter with Mr. Greenham, foreman of the Harness shop, to enter the shop but was prevented by the fire and smoke.

Hempstead, Texas August 3rd, 1864.
The Board has the honor to report that after a careful examination and investigation of the circum- stances connected with the destruction of public property, for which Capt. J. M. Oliver, J. K. Dr. is responsible, they find that the said Capt. Oliver has used all he can in the selection of a suitable building for the purposes required; - that although no actual organization of his employed men had been effected, he had used suitable precaution in such cir- cumstances, requiring Mr. Greenham and

Mr. Willis the foreman and assist-
ant, both intelligent and trustworthy
men to sleep in the premises.

The remaining workmen were
in number) within 200 yds. of the
That on the night of the fire Messrs.
Greenham and Willis were asleep as
usual in the shop; that the fire
did not originate therein and
that no fire was ~~detected~~ was
used therein; that immediately
upon its occurrence Capt. Alder
and all his men were promptly
on the spot and used every effort
on in saving public property and
through their exertions much was
saved that would otherwise have
been destroyed. That the statement
herein (marked "A") states the
loss as near as can be ascertained
~~verified by Mr. Greenham under oath.~~

The Board has the honor to re-
commend that such measures as
are necessary be taken to relieve
Capt. J. M. Pelham, &c. from re-
sponsibility for the loss of the ar-
ticles enumerated in said statement.

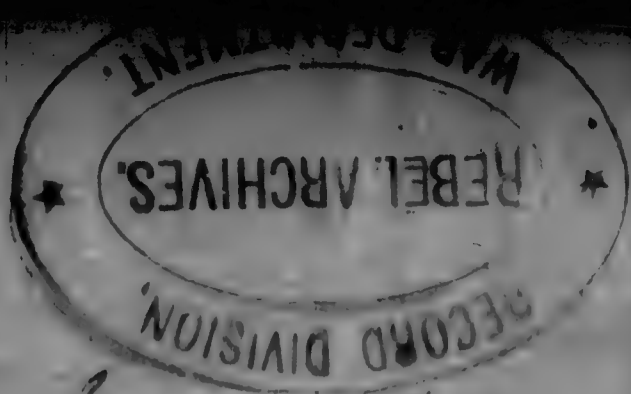

The Board having completed the
business assigned it adjourned.

Captain J. H. Oliver, U. S. M. of 1st Col
Infantry Battalion, having applied to me
for a certificate upon which to base an
application for a transfer from the Service
of the Coast to Middle or Northern
Texas.

I do hereby Certify I have carefully
examined this Officer and find him
laboring under Chronic Pleuritis with
strong pulmonary symptoms of Phthisis
Pulmonalis. For many months past
he has been suffering from a Cough
attended with Hemorrhage from the lungs
which in July last was so excessive as
to completely prostrate him and from
the effect of which he has not yet recovered.
I give it as my opinion that the damp mi-
serable atmosphere surrounding the
Post where he has been stationed, has
had a tendency to debilitate his system
thereby arousing the dormant germs of
the disease. I believe if he could be
transferred to a section of the State
where the air is dry and pure it would
tend greatly to the improvement of his
health and would most respectfully
recommend it if consistent with the
interest of the Service.

Copy of the Letter of the
L. A. Council of the L. A. L.

I have been
(unofficially) informed that I was
or would be soon ordered into the
field Service and on account of
the well known condition of my
health & especially for the last two
years. it is my painful misfortune
to be under the necessity of calling
your attention to Serious Certification
hereto attached Motion M & C &
I do not believe that I will ever
regain my health sufficient to with-
stand the remarkable hardships
& exposure connected with a camp
life. I have lived the field Service
some four different times & I have
never been able long at a time to
undergo the ^{the} withstanding necessary
requirements & I am now stationed
at Hempstead Texas as of m
and have enjoyed a portion of the
time tolerably good health

& I believe that the Locality of
Hempstead is as advantageous to
my Lung as any portion of the
Island, while I am confident
that if ordered into the field
service where I would be exposed
to all the rain wind cold &c.

that it would be impossible for
me to leave Long. I throw my condition
as I can not feel indifferent as
to my condition

& I would very Respectfully
& most sincerely ask that
be allowed to remain at Hempstead
as long as if the Maj General
perjures it meets his approbation
and he will not let me still
remain at Hempstead I do earnestly
desire that I be assigned to duty
at some other place that would
be advantageous to my health

Trusting that the Maj General
will graciously consider this my
most respectful request & please the Honor

to be very Respectfully
Yours Obedt Servt

I certify upon honor that I have carefully
examined Capt Mc Oliver again at Hempstead

lungs & that the lower lobe of the right
lung is almost entirely spent or decayed.
which is still the cause of the frequent
Hemorrhages that he is subject to

& I further certify that Capt Oliver
cannot live long if exposed to cold
dampness or a capricious heat

& I recommend for the benefit of his
future health that he be stationed
in as temperate atmosphere as possible
where he will not come in contact
with much damp atmosphere or to

Beaumont, Tex. July the 11th 1863
Capt. E. J. Sumner
General

Sir

I have the honor
to inform you, in accordance
with the following statement

in compliance with the
instructions of the Major General
Beaumont in his Circular dated Houston
Texas July the 4th 1863 in relation to the
supply of the proper
of military stores as Beaumont is
in the transportation Department

and having is on the Station detailed
under you in the 2nd Department at
Beaumont Texas. I have the honor
to inform you as Beaumont, immediately
on the receipt of said Circular, was
opened and through the Com. (Jefferson)

from the local information given
the people of the vicinity being
mostly stock raising and but very
few farmers they have not yet
more horses than is actually
necessary to serve the necessities
in and around a very small farm
however, but notwithstanding the scarcity
of horses in the vicinity the people
have furnished several horses for
the purpose of picking in the advance-
ment of 2 large Canon & Ordnance Store

to some point on Red River & in order
believe that Camps can be procured
in this vicinity by having

that there are about 1000 men in
work on fortifications at Sabine Gap
and Capt. Schlichter in charge of the
work informs me that the work will
be finished in about three weeks
this time and I respectfully ask
that so soon as this fortification
has been completed that it will
meet the approbation of the Maj. Gen.
to have sufficient number of men
assigned to work on the
fortifications about twenty being the
number required.

I beg to thank you
for the very respectfully
Yours very truly

Dear Sir,
I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the matter of the Cape Verde Islands. I am sorry to hear that you are not satisfied with the result of the investigation. I have, however, no objection to your making such use of the facts as you may think proper. give me an order on

I certify that on or about the 10th March last
I sold from the Corn of W^m Paine to Judge J
H Catlin of Austin Co for the benefit of soldiers
families five hundred bushels of Corn; that
said Corn was put in a separate Crib to itself
at his risk & the Crib nailed up, that on Tuesday
the 22nd April last on my return from Houston
to my residence, I found the said Crib broken
open & a considerable quantity of the Corn I sup-
pose a hundred bushels taken out & on inquiry
I learned satisfactorily that said Corn had been
taken by soldiers sent in Charge of Quarter
Master Wagons. Further I learned that the one in
charge of the second Regiment to my wife & letter
from Capt. J. M. Oliver 2nd Regt at Hempstead re-
questing permission to load his Wagons from the Corn
sold to Judge Catlin & the same were loaded with
his Corn & a receipt given for one hundred bushels
accordingly. I further certify that no Corn was at
that time taken which belonged to me or my wife

ISSUES.

1. Whenever practicable, or required by the Chief of Subsistence of the Department, Brigades (Commissaries will draw provisions from the Subsistence Depot, for periods of seven days at a time, for their respective Commands, upon Computed receipts and returns, (see form No. 14, Army Regulations), specifying the numerical strength of each regiment drawn for, and in detail the number of rations required. These returns will also embrace estimates for issues to Brigade and Regimental Hospitals, for ordnance wastage, and for sales to officers, and must show amount of articles severally on hand from previous issues, or by purchase, to be deducted from total amount required.
2. The number of officers, and officers' servants, actually employed, should be stated in a separate line on each return.
3. Consolidated Provision Returns for a Brigade, besides the usual certificate of its correctness, must receive the approval of the Commandant of the Brigade, who shall also certify, that the return has been examined, compared with the morning report, and found correct.

4. The returns of Companies, Battalions, or Regiments, detached from Militaries, must be examined, compared, and certified to by the Division Commissioner, or Chief Commissioner of the Corps, when practicable, when not practicable, by the Commandant of the detached forces, who shall also certify to the fact of detachment, and that rations have not been drawn for them for the period specified.

5. When a Company, Battalion, or Regiment is detached, a certificate should be given by the Brigade or other Commander by whom their last supplies were drawn, to the Commandant of the detached forces, specifying to what date he had drawn for it.

6. Whenever practicable, the companies of a detached regiment, or battalion, should draw together, upon a consolidated provision return, examined and certified to as above required.

7. COMPANY COMMANDERS, on making out their provision returns, will append a certificate setting forth that the number of men included, corresponds actually with the number of men present in camp.

8. All provision returns will be sent to the office of Chief Depot Commissioner, for examination, and, whenever practicable, on the day before the issue will be required.

9. General officer, the Field and Staff, attached to General Hospitals, troops attached to Hospitals in the several Departments, and officers unattached to fighting troops, a certificate of issue or draw rations, will be supplied from Post or Distribution Department.

10. Issues to troops for sale to officers, will be confined to one full ration per day to each officer, and one ration for each officer's servant, actually employed as such.

11. Issuing to Brigade Commissioners, issues will be made in bulk or unbroken packages, approximating conveniently to the amount required.

12. No receipting of accounts with the Treasury, Regimental Commissary, or other authority, will be received or issue in bulk, but only from Headquarters, for distribution to Companies.

13. Outstanding bills contracted under orders of superior officers, will, if practicable, be paid by the paymaster, or transferred to the Chief of Substances, or that purchase, or purchase made by the officer under whose order the bills were contracted or purchase made.

14. DISBURSING OFFICERS, or agents of the Subsistence Department, connected with this map, will, in the first of each month, forward to the Chief of Substances copies of their monthly Summary Statement of Funds, and a list of their purchases for the preceding month.

15. All orders in any way conflicting with the foregoing Regulations are revoked from this date.

Gen.

I have the honor to respectfully ask the appointment and assignment of the following named gentlemen to the Detachment of Scouts authorized by Act of Congress approved June 10th 1864, to the Command of which I have been assigned viz.

1. Capt. J. H. Oliver, 1st. Asst. Insp. Gen. St. Gen. Stuart's Staff, Army of Tenn; he is Twenty nine years of age, was born in ~~Frank~~ Dallas County, Ala, where he is still a resident. He has served with great credit in various capacities since the Commencement of the War. I earnestly request that he be assigned to the Command of one of the Companies.

2. P. J. Glover, late Major in the Provisional Artillery. Being unassigned and having no prospect of a speedy assignment he with patriotic spirit offered his resignation and has been accepted. He served with credit on Gen. R. E. Lee's Staff in Western Virginia, upon Gen. Lee's recommendation he was given the rank of Major. He is Twenty nine years of age, born in Marengo Co. Ala, where he is still a resident. I much desire his appointment as 1st Lieutenant in my Command, regretting that there no vacancy of a higher grade to which he could be appointed.

Chapman L. Anderson, private in Capt. H. A. Owens Co. of the 10th. He has served until very recently as private in the 39th Regt. Miss Vol. He is Nineteen years of age, born in Madison Co. Miss, where he is still a resident. He is well qualified for the position of Second

Lieutenant.

I have 1 Bvt. Thrale in the 44th Miss. V.C. Tucker's Brigade
Hindman's Division, 1st Corps, Army of Tennessee. He
has rendered faithful and gallant service since the
commencement of the War. He is twenty three years
of age, born in Sevier Co. Miss., where he is still a
resident. I desire his appointment as Second
Lieutenant.

All of these gentlemen are well deserving
of this country and ^{are} peculiarly adapted to the service
proposed for them. Hoping General Sherman's
may meet with your early and favorable attention.

Sir

The enclosed package contains
my Quarterly Return, and accounts to 31st March. 1862.

It may be necessary that I should refer to a few items which
may require explanation - and the first is the question of interest
paid to the Banks of Augusta. Upon receipt of your Telegram of
the first of January ordering purchase of 50 Wagon, Teams, for Genl. Lee's
Command, I immediately advertised, and in a few days received many letters
from different private firm parties, having, Wagners, Horses, and mules for
sale. I soon found it would be a tedious business to purchase the number
required here. I wrote you on the subject of funds on the 2nd and the
necessity of having money to purchase with, as I would have to purchase
from many parties, and who would require the Cash down. As I
thought it would be for the interest of the Government, I, not desiring
time go in time, I made arrangement with two Banks here to honor
my checks, and left for such points in the Country as I had been
informed could furnish the greatest quantity of Wagon, and Stock
and succeeded in purchasing thirty odd ^{wagons} in number, with several
Mules & Horses. The order on the Treasury C.S. did not reach me until
1st of February, & then not in an available shape: being a deposit or
Warrant on the Treasury at Richmond V. In the mean time I had
been purchasing on Credit of loans through the Banks, and in settling,
paid them the amt of the Certificate, from the Cashier-forwarded me

as vouchers. Am't, to \$76.51. I am certain that I made a very considerable saving to the government by pursuing the course I did: as there was a heavy call for wagons & mules, by the Quarter Master's Department at Savannah & in February speculators went through the country purchasing all they could get at constantly increasing prices. I hope the reason given will be considered valid by the Department. "Travelling without orders," is also covered with same purchase, & the charge sustained by the same reasons.

It may be that some of my "Forms" are not in accordance with the Rules of the Department, but in examining the Rules & Forms for the government of Quarter Masters I could not find any except those used, which seemed applicable. If however there are any which require alteration or amendment I will of course follow such instructions from the Department as they may send me.

My Commissioner's account, was made from the necessities of the case. From troops passing through without supplies, & provisions en route for various points of destination, - whose officers were out of funds &c. & being called upon by Requisition on the nearest Quarter Master to furnish the supplies needed.

I am very Respectfully
Yours &c
J. H. Oliver
Capt. & Agt.

that the Paymaster is released from ^{responsibility} any ~~error~~ which may arise from the
 imperfection alluded to but in view of the fact that it is better to prevent
 than to remedy I would respectfully ask if the order cannot be so modified as
 to apply only to Description List issues from Officers Commanding Companies dated
after the 5th of October 1863 so that the officer issuing the Description List
 checking account may be made specially aware of his responsibility for any
 error which may occur in settlement: - only excepting soldiers who may be an

I most respectfully beg to call your attention to your Order 136 Amending Genl Order 100 Feb 3 so in authorizing payment of money value of clothing which may be due the soldier at the end of the year. Upon description sent of him he is absent from his Company by proper Certificate &c.

In my communication of 14th of October to the Major, &c. when I presented said to the communication of your Order 100 as above, I remark that the papers presented to the Paymaster (the Absorption Lists) were ^{presumably} very imperfect - I have then I have here many instances of the correctness of my remark. - Absorption lists are presented for settlement of clothing account on which only part of clothing issues are endorsed by the commanding officer of the Company was here made them out, and when the Soldier is absent this is confessed in answer to the best of their recollection - & the paymaster is to settle upon the data then imperfectly furnished. Very few are then furnished with any other endorsement than that which has been made of issues on the Clothing Requisitions, subsequent to the date of the Absorption List the List itself furnishing no information of any previous issues. Many of the Absorption Lists are of old date and made up in a hurry by the officers in command, who to save writing, is as brief as possible except that which relates to the last payment to the Soldier as to enable him to draw pay during his absence on furlough. Dear Abner Coffin
Augusta Dec 1st 1849

My dear

Your note of the 12th has been duly recd. The following is my reply.
Some time in the month of August I received notice of the acceptance of my
Resignation offered in April last. On the day of my arrival in this
country I had Mr. Rogers the agent of the Post who told me he
would write to the other two gentlemen and have me relieved of my duties. On
the 24th August I received notice from you stating that by order of the 2^d Mr. J.
you would assume the duties of Pay Master to which I responded turning
over to you all the blanks pertaining to that Department.

Beside the duties of the Pay Department I was also charged with the
duties of Transportation Agent of Persons - as well as the ~~handling~~ and
distribution of such Quarter Master stores as were in my possession -
of this I was not relieved. The acceptance of my Resignation was
your affair through the Office of the Quarter Master General, and he
was as well aware, as yourself that in relieving me from the Pay
Department I was still left with the other duties in my charge - &
return, made monthly to him, kept the list of my staff being on duty
before him. In November I sent you a note requesting to be relieved &
stated that my private business would require my attention at the latter by
the 1st of December, this was I understand forwarded through & by you to the
other two gentlemen. I have suffered greatly in every way in not being promptly
relieved - soon and now state that it will be impossible for me to con-
tinue to attend any longer to the duties with which I still stand charged
and request that you will take measures so that I may be promptly re-
lieved.

Very Resp^{tly} to the Sec^y

Your favor of 4th Inst is only rec^d to night
As I cannot telegraph anything definite I will in the mean time answer by
mail. My nephew (the son of Capt Caldwell now stationed at Portsmouth)
died to day, which will prevent my saying as fully into matter as I could wish
before Monday. As soon thereafter as I can I will telegraph you.

I enclose a sample of Hickory Shirting for your inspection. Do you
want any? How much? and would 20 cuts be too much to give for it?
I think I can engage for that price from 12 to 15,000 yds. price. It is 28 $\frac{1}{2}$
inches wide. I also send you a sample of light Cloth - Flannel
Cloth it is called. Would that answer you for summer uniforms or
knee shirts. This last is from M. Schley. I believe he sent you
a piece, but I think not so good as this. He tells me that the
wet and rainy weather for the last 14 weeks has prevented
drying wool and dye yarns & has badly set him back. He is
finishing a drying house, by steam, & will then be able to make
more than double progress. He says he confidently hopes that
next week will indicate a better state of things. My time has
been so occupied in the purchase of mules & Wagon for three weeks
past that I have not been able to do anything else. I am now
nearly through & my first attention will be given to your request
next week. And a definite reply to your inquiry.

Explains delay of

Capt. G. B. Northrop Com. St.

Dear Sir. Your acknowledgement of my summary statement
you have with enquiry, if I have nothing more to render for the use of June is
received, & I answer yes.

The order to me to relieve Capt. W. F. Howell a Co was rec^d late in the month of June
and within a few days of the ending of the Quarter. My own official duties as trans-
porter this Agent, Pay master & Quarter^{master}, with the necessary quarterly returns & monthly state-
ments had also to be attached to and as Congress had in its wisdom seen fit to deprive
of the work of clerks - these statements could not be so promptly made as is desirable -

The order to Capt. Coanston also to relieve me was not rec^d until several weeks were made
to the Hospital &c. and these three weeks, small as they were, rendered it necessary
that a full set of forms should be rendered to your Department, as if I had supplied an
account: and in transferring the money balance, I have & properly the whole process is to
be followed out. The Hospital returns were only returned to me yesterday & immediately
sent to the Commandant of the Post for examination & signature I have not yet been relieved from
my duties of Q. M. of transportation occupies me from 5 o'clock in the morning till 7 o'clock in the
evening & much time as is not occupied in giving transportation is occupied as Pay-master -
so that I have only part of a day (Sunday) of the week, to work on abstracts and
other papers. If the Commandant of the Post returns my papers to day - tomorrow I
will complete the returns, and send them off: if not as soon thereafter as he does

General

I respectfully beg leave
to tender my resignation as Asst. Quarter Master at this Post, to take
effect on the 30th inst or as soon thereafter as I can render an
account as Paymaster for the months of March and April 1864.

I regret to do this, but the late Act of Congress which ignores no. 1127
of Army Regulations limits the sale of Commissary stores to 60 cents
to one dollar per day - leaving me no alternative.

My small income of which is greater than my pay, enabled it to will
no longer supply my family with a sufficiency of the most common food.
The laws of this govern the Q. M. Department very properly forbids
an officer entering directly or indirectly into any business or speculation
so that any deficiency must be made up by sale of property - out of
office this necessity never exists.

I repeat I regret to take this step, as I was in hopes when I accepted
the appointment, that my thirty years experience as a merchant and connection
with the manufacturing interests of the state would have enabled me to
render valuable service to the Government, that I have not done so is
attributable to the fact that my services have been ordered in another branch
of duty by the Major General.

The first thing we did was
 to go to the bank and get some
 money for the journey and in the afternoon
 we went to the hotel and found it very
 comfortable. The food was excellent and the
 service was very good. We stayed there for
 a few days and then went to the
 bank again to get some more money.
 The money was all spent in the
 bank and we were left with nothing.

Very Respectfully, Wm. H. Olin

1st Regt. of Ala Cavalry

Camp of 1st Ala Cavalry, near Corinth Miss April 25th 1862

The above report has been this day submitted to me by Maj. Allen Comd'g 1st Ala Cavalry, and after examining it, I, as Acting Quarter Master for said Regiment, give it its contents a general endorsement. The fault does not rest upon me as Regimental Quarter Master, for I have given my personal attention to the matter when ever practicable. When acting under orders that require my personal attention, or when sick, the non-commissioned officers of my Department have been ordered to make the application for Forage under instructions from me. I have every reason to believe they performed their duty fully and completely. The Forage Quarter Masters at this Post have frequently assured me, that requisitions for Forage could not be filled by them, because the Supplies on hand were inadequate to the requirements of the Army, and they attribute the deficit to the want of the proper amount of Rail Road Transportation to bring the required amount of Forage to this Depot. In conclusion I certify that I have furnished the Regiment with all the Forage that I could possibly obtain.

Richmond

The honor to report, that on the
16th day of June 1863, I was
ordered by Capt. Samuel J. St. John
of the 1st Regt. Va. Artillery to go to the
Springfield quarters in order to report
myself. The recommendation was
read by approved, and I was ordered to
report. I then reported, and was
advised, what to do, and when to
be back. I then reported the same to
the same - I infer not.

Upon the 1st day
of July, 1863, a large number of
wholly day, was ordered to report
and to move to the quarters of the
Mississippi. He has not been
reported for duty for some time
but will come soon.

I am absolutely a new officer
Chief Quartermaster in my position
the good of the service demands it.

I have, therefore, the
honor to request the appointment
of Capt. Wm. Oliver, U.S.A., or
Maj. L. A. Childs, as they please, to
my command with the rank of
Major, with orders to report to me
for duty.

My apology for not sending
this communication directly to
General Headquarters, arises from
the fact that communication with
Richmond is at present very diffi-
cult, and that Major Wm. Oliver,
M., is now at this Hd. Quarters, and
directly to Richmond, and by far
easier through the proper channels
for approvals, which no doubt will
be given. The present opportunity
would be lost.

I have the honor to be,
Very respectfully,
Yours Obediently,
O. O. Hebert

I am glad to hear from you & hope you are well.
I have been thinking much lately of the
Advent, & how soon it will come. I feel
that I must be ready to meet my Lord at any
moment. I have been trying to live more
carefully, & to keep my heart pure. I have
also been reading the Bible more often, &
trying to understand its meaning. I have
been praying for wisdom & strength, &
for the grace to love God & my neighbor.
I have also been thinking of the poor & the
suffering, & trying to do what I can for them.

Yours truly,

To the Hon. Geo. J. Foster:

Dear Sir:

It affords me great pleasure to unite with others in requesting you to appoint Edward A. O'Neal Jr. a cadet in the army of the Confederate States.

He is a young gentleman of fine health, unexceptionable morals, and scholarship and talents enough for any thing he will ever undertake. He has always manifested an inclination and talent for military affairs; and I know of no young man, during my connection with the University, who promises to be a brighter ornament to his country.

Finally, he is a worthy son, and inherits the patriotism and heroism of one who is making a name that is "not born to die".

Secy of War

Dear Sir

I have the honor
to present the claims of Edmund A. O'Neal Jr. for
appointment as Capt in the Army of the Confederate
States, he is the son of Col O'Neal of the 26th Ala
and who has commanded O'Neal's Brigade
since the late battle of Gettysburg & one of
who in the opinion of the officers of that Brigade
and the citizens of his own State should be
promoted to the rank of Major General. I would
not be surprised if you were to find in the
the Secretary very numerous instances of the
in this case, and upon the occasion I hope
the promotion of Genl. O'Neal then commanding
a division. I believe you will not wish to
such promotion, and Col O'Neal is now the
promoted to the permanent command of O'Neal's
Brigade, you then appropriate yourself as highly
pleased with the work of these officers and claim to
me their merits should not be overlooked
Now it is said to me that when O'Neal
was promoted to command the division that
Col O'Neal should have been promoted to the
command of O'Neal's Brigade for he certainly

aid by his gallant charge at the head of
Rhodes Brigade at the battle of Chancellorsville
where he routed the 11th Army Corps of the enemy
nine feet Rhoads. In promotion

I will not recapitulate the action of Col. O'Neal
you have them before you in reports of all
superior Officers and I challenge the record
to show a more meritorious or successful Officer
than Col. O'Neal.

I have confidence in a general that the Adminis-
tration was prejudiced against him. Alas and
if I am correct in this impression I can only
say that it is exceedingly unjust, for I do not
and my contradiction that is distinct in the
entire correspondence can show a clearer and
brighter record than the first Congressional
district which I have the honor to represent.
I also enclose the recommendation of Genl.
O'Neal from the Rev. Robt. Young President of
the College and from many of our prominent
all of which is respectfully submitted.

I have the honor, Mr. Secretary

Amos

Received your note about nominating in the
app. to command my troops as it was drafted of course
and some hope in application made to my personal
basis upon facts which respectfully call your attention to
them. I am therefore to my regret not to go on but to
be told by you that I am not to take the same
of my troops as to the first time. I was then
understand my personal, prefer to command the 2nd
of the brigade, and have been in doing them better
acting in my application for them.

Looking under command my troops in the
to the 1st was commanding the troops (B. A. Mear) in
20th. The 1st of the 1st of the 1st of the 1st of the 1st
John A. Morgan was in command of the 1st of the 1st
a Cavalry (1st) of the 1st of the 1st of the 1st of the 1st
Ala. Cavalry (1st) of the 1st of the 1st of the 1st of the 1st
able to do and we will have to do. I hope if he can we can
promptly. Between the 1st of the 1st of the 1st of the 1st
man, in which we met in my opinion equal to Morgan in weight
and in weight and in weight. I have no other information
to report on the command of the 1st of the 1st of the 1st of the 1st

Shall then be done

Hon. J. A. Seddon,
Sec. of War:

Sir:

We beg leave again to call
your attention to the recommendations we & others
have filed for the promotion of Col. E. A. O'Neal,
of Ala., to a Brigadier Generalship.

We are informed & believe, that there is now
in the Army at Mobile a Brigade, composed of
Alabama Regiments, without a Brig. Genl. If so,
we trust that Col. O'Neal will be promoted
& assigned to the command of it.

Col. O'Neal has had the command of a Brigade
near Frederickburg for three or more months
last past - has commanded a Brigade in
several actions - has been in six pitched battles
& many more skirmishes & been twice wounded
- has been in the war from its commencement
- & has lost nearly all his property by the
hands of the enemy. He has a large family
which is in Alabama, & would be near him
& somewhat under his protection if ordered
to that State.

We are very respectfully,
Yr. Obedt. Servt.

Application by
many officers of
the Army of the
West, for his
transfer to that
Army, with the
commission of
Brig. General.

U.S. ARMY
WAR DEPARTMENT
Rec^d March 24/93

To the Hon James Seddon Secretary
of War

The undersigned, officers in
the Army of the West beg leave respectfully to
ask of you to transfer Colonel C. A. Oneal of
the 10th Alabama Regiment, Rhodes Brigade,
Army of the Potomac, to our Army of the West,
with the commission of Brigadier General
to take charge of our respective commands.

We have learned with great satisfaction that
Colonel Oneal, by his gallant conduct in many
a battle field in Virginia and at the battle
of Burnside's Maryland, won the admiration
of both officers and men, and that he has
been warmly recommended to your depart-
ment for promotion.

He deserves it. He has participated in
six hard fought battles, was wounded in one
of the fights around Richmond and again
at the battle of Burnside, whilst gallantly
leading his Regiment.

We are all acquainted with Colonel Oneal
and his precedents. By age he was exempt from
military service - yet he volunteered at an early
period of the war - for the war and set a noble
example to the young men of our country.
Colonel Oneal had been active for many
years in arousing the Southern mind to
a sense of Northern wrongs and aggressions.

He has a noble young son at the head
of a gallant company in our army.

We would be pleased to have the Colonel
transferred as Brigadier General to our Command.

Very Respectfully

Dear Sir,

I take the liberty of calling your attention to the claims of Col Edw - and A. O'Neal of the 26th Ala Regiment to promotion. Col O'Neal at the breaking out of the war had as a Lawyer, a very lucrative practice. His large family was dependent upon his individual exertions. The beyond the meridian of life, he was one of the first in Ala to set an example of volunteering for the war. He did this at a time when our cause seemed flagging in North Ala - The young men seemed rebuked by his conduct & there was an evident reaction in his section -

He is one of the most
popular Orators in Ala
& by his stirring appeals
& arguments he prepared
the public mind for the
present great struggle for
Constitutional Liberty. He
commanded the respect
& confidence of Genl. Wil-
cox with whom he served
long anterior to the battle
of Moropas in July - 61 -
He was conspicuous for
gallantry as Col of 26th Ala
in the various battles
around Richmond. He
seriously injured in the
1st Chicksaw battle
by a shell - Yet he
was soon again with his
Regiment - & in the
battle of Seven Pines com-
manded the horse of
Officers & men -

In his absence from
Ala the Yorks have
robbed him of his fortune
having taken his most
valuable negroes & his
family supplies of every
description - including in
the general sweep the
wardrobe of his wife &
children - this whilst many
per exalted Union men
younger than Col O have
been underpaid by Yorks
& grown rich by cornering
at home & speculating
upon the patriotism & re-
putes of their country-
men - Col O has a gal-
lant son corresponding
a large wood for
the war. His son like
himself

was one of the first ¹¹⁷⁴²⁰⁰ to
volunteer. The promotion
of Col Ouel to the position
of Brigadier General
will give general satis-
faction in Altoona

Very Respectfully

Sec. of War:

Sir,
We again respectfully call the attention of the Secretary & President to the recommendations heretofore filed, of Col. E. A. S. Neal, of Ala., for a Brigadier Generalship.

Col. Neal has been twice severely wounded in battle, & has been frequently commended by his superior officers for his gallantry & good conduct. He has been acting as Brigadier General for several months, & has commanded a Brigade in two or more engagements, to the entire satisfaction of his division & Corps Commanders. We are informed & believe, that his appointment has been asked by the Officers of the several Regiments which compose the Brigade he is commanding. He is a gentleman of superior intelligence, of rigid sobriety, of untiring energy & of unflinching courage.

We, again, cordially recommend him for the office of Brigadier General.

After the receipt of the Field Officers of the 1st Brigade
have learned that our present Brigade Commander
Lieut Edward A. Oriskany designs leaving the Army
on tomorrow, and that probably he will not
return to the Army of Northern Virginia but that
it is more due to him and to themselves that
they give some expression of their admiration of
him as a man, and confidence in him as an Officer.
Since the time of his assumption of the Command of
the 1st Brigade to the present moment he has exhibited
a marked regard for the comfort of his men & his
Command has been extended to his Officers there.
Courteous Civilities that give to military life one
of its highest attractions, and in every respect
has presented to all a noble example of self-
sacrifice and unflinching patriotism.

Just that will be followed in his retirement to
the quietude of home, or to the sun of peace of
the North, that cannot deny that of a brave
Officer here he would be gratified to learn that
the Government has appreciated his services, and making
such a high honor as to be made a General in the
Army of the North of his brave and loyal services.

Dear Sir

I beg leave to again call your attention to the claims of Col Edward A. Mearns commanding Rhoads' Old Brigade. His past services certainly entitle him to promotion, he has commanded the Brigade since long past and the success which the Brigade has achieved while under his command is the best evidence of his capacity - and in his next title to promotion. All admit that he acted with signal gallantry at Chancellorsville and Fredricksburg. That his old Brigade by its brilliant and successful charges in that glorious field won for him his spurs as Major General. The Officers of the Brigade were not a little surprised that the order announcing the promotion of Genl Rhoads did not also announce that of ^{Col} Mearns and Genl Rhoads was so told by some of them yet it was done and it is feared that Genl Rhoads failed to do justice to a meritorious Officer from motives of unkindness. I am informed that your Excellency has

~~promoted~~
Col O'Neal a Brigadier but the commission
is with held because Gen Sherman asked the
promotion of Col John S Morgan of Ala who
on his arrival at Richmond learned that all
the Officers had handed Gen Sherman a written
protest against his conduct asking to have
Col O'Neal set aside who had led them at
Chancellorsville - Petersburg & Manassas Gap
and with a spirit of firmness alike maintainable
to his head and his heart declined the
place and returned to his regiment.

When both Officer and men in a Brigade
so gallant and numerous as this ask for such
an Officer and solemnly protest against the
treatment he has received it was cruel to
me but justice that he should at once be
promoted and his commission should date
from the evening of May when he charged
with his Brigade and routed the 11th army
corps of the enemy.

I will not recount the services of Col
O'Neal they are on the records in the
reports of the Officers, but I will maintain
that no appointment would give more
general satisfaction to the Brigade and to
the people of Ala than that of Col O'Neal.

To promote junior Officers over him is
humiliating to Col O'Neal and no one can
more fully appreciate this than your Excellency

having been a Soldier

as I had not complained of it
he feels humiliated in having Senior Officers
promote our time after having been recom-
mended unanimously by the Officers of the
Brigade - all of which is respectfully submitted

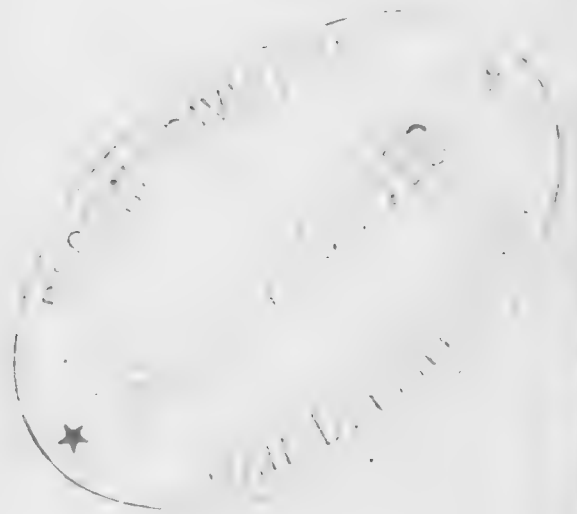

I have the honor to remain

as you may have already received in favor
of the appointment of Col E. A. Ouel of the
26th Ala Regt to a Brigadier Generalship. Col Ouel

him long & well & fully endorse him as a high
toned Gentleman of the best habits and in
my judgment not only well qualified for such
office but I also think his conduct at the head of
his Regt very well entitles him to the most
favorable consideration of his Government.
I feel that he has fully won such promotion
as can be won by Military Men on the battle

your views to confer that office upon him.
His appointment would be popular in this portion of
the State & I have no doubt all over the State.

I have to call your attention respectfully to the desire of Col J. S. A. Nicolson to be promoted to the command of some Alabama brigade in the Western Army and I beg to say on the Colonel's behalf that he has served with us through the various campaigns of the Army of Northern Virginia with great credit to himself and to his state. As a regimental commander in action he has acquired and deserved the reputation of which any soldier might be proud of.

I have no doubt from the Colonel's experience in his Army and his popularity in his native state his promotion will be a satisfaction to any brigade in the Southern Army from Alabama and will give full satisfaction to all concerned.

I have not recommended the Col to promote and appoint him to my old brigade because I consider the officer whom I have recommended for this position as better suited for the service than the Col.

Sec of War.

Dear Sir.

In common with a number of other gentlemen I have recently signed a paper recommending to the President the promotion of Col Edward A Ouel of the 26th Ala Regt to the rank of Brigadier General. My strong conviction of the eminent claims of Col Ouel induces me to address you a separate letter upon the subject, with the view of stating some facts and presenting some considerations which might not otherwise be brought to the attention of the Government. Before the breaking out of the war Col Ouel was one of the most eminent members of the bar in this section of the State. Early in the struggle he raised a Company in this County for the war, and on the organization of the Regiment (the 9th Ala) was appointed Major. Subsequently when the 26th Ala Regt was formed at Richmond he was appointed

by the President as Colonel, and still holds that position. Since he took command of this last Regiment, he has been in no less than five Battles; - Mithamburgh, Seven Pines, Coal Harbor, Manassas, and Boonsboro, and was wounded in two (Seven Pines, & Boonsboro). In all of these engagements, the Regiment conducted efficient service, and Col O'Neal distinguished himself not only for his gallantry which was always conspicuous, but for the skill with which he managed his troops. The reports of his Division and Brigade Commanders will all bear ample witness to the correctness of these statements. In more than one instance I understand they bear most emphatic testimony to the gallant & skilful conduct of Col O'Neal. Col O' is just in the prime of life about 43 or 44 years old, and is in the full vigor of his powers. I have known him intimately from boyhood, and have never met with a person with a stronger natural aptitude for military life - or one more thoroughly imbued with the spirit of chivalry or better qualified to instill it into others. He was for several

your Brigadier General of the Militia in
this State, and even before he joined the
Army had paid much attention to military
science. Since then he has devoted himself
aviduously to the work of military training,
a thorough officer. My long & intimate friend-
ship with him enables me to assure you that
he is a gentleman of the most elevated charac-
ter, cultivated in letters, faithful and
energetic in the discharge of public duties,
and perfectly free from the taints of
hesitation, or in any manner. I cannot
refrainable some of those virtues may be
in the Army. I think you will concur with
me in thinking that they should not be de-
spised when the question of conferring high
position has to be decided by the Government.
In conclusion I will venture to add that
no appointment that could be made would
be more acceptable to the people of this
State. Having recently visited various parts
of the State I have met everywhere a
general desire that Col. Hunt should
be made a Brigadier General. Wherever
he is known the connection is universal

General

It has become necessary to appoint a
Lieutenant to the command of my 1st Brigade and after
making reflection I have come to the conclusion that Lieut.
John B. Brown, commanding temporarily Austin's brigade, is
the best man for the service and for the good of the service
to succeed me. I have the honor therefore to solicit your
earnestly his immediate return to the brigade (as he has
been in all my past commands in confidence) as
Commander -

I am of course conscious that the brigade
to which the General comes in view will be lost to him
who, and that it will be difficult to supply his place there. But
the service and the army will be equally well served by his
taking the position I ask for him. He himself professes to com-
-mand my brigade to anything else - he has achieved his reputa-
-tion with that brigade - and I have no doubt that
a portion of it has followed him up to his position & I am his
Commander known, his merit, I can take great interest in his
and helping him to his previous position - and under these circum-
-stances respectfully submit that we have the best right to his
services. I hope to hear the matter settled as you can see proper.
Very respectfully,
Your obedient servant

Dear General Sherman

Dear of War

I respectfully tender the resignation of
my Commission as Col: of the 26th Ala.
Regt. I entered the service in May 1861
and have served from that time in the
Army of A. S. I have participated in many
battles from Williamsburg to Gettysburg
& Mine Run - except Sharpsburg and Fort
Friedrichsburg. When I was unfit for duty
in consequence of wound received at
Brandywine. I have been five times wounded
- twice severely. I commanded a Brigade
the whole of last year & led in the
battles of Chancellorsville & Gettysburg
& the skirmishes of Burginville Martinsburg
& Manassas Gap & Kellys Ford.
I am the oldest Col: from my State and
feel it due to my officers - a brave and
gallant band - that I should retire and
no longer stand in the way of this promotion.
If Col John S. Garnier ought to be promoted
- he assisted in raising the Regt. & is a man
of military education.

All the Field Officers of the Brigade (Rodes
old Brigade) after the battle of Gettysburg
presented to the Command recommended
me for promotion. The Record of the War
Department show I was promoted on the 6th
Jan^y 1863. - but the Commission was withheld
because Col Rodes (my dear Commander) just

at that time recommended Col Jno G. Morgan
who was appointed - but who after he reached
Richmond - declined the honor - because of
the impositions to me. Col Roden suggested that
the charges I made with the Brigade at Chancellorsville - when it broke & routed the 11th
Army Corps of the enemy - were for him his
spurs as Maj Genl. and Col made Col Battle
told him on the field - that the same order
announcing his promotion - should have
announced mine

No officers from the Brigade - both my
juniors - and who - all will admit - had not
superior claims - have been promoted.

I do not complain of this. They deserved
and had won it on many a well
contested field.

My Regiment has been reduced by
sary service from 776 to about 200 men
and Col Canine will handle it with
success and ability.

Finally & chiefly I have lost my property
by the war & cannot support a wife and
seven children - some of them infants - on
a Col's salary.

I can truthfully say I have
shunned no danger - shirked no duty
in this years hard service in that great
Army "whose banners are unsullied by
a single defeat" and with profound
regret - but purely from a sense of justice
to myself and those dependant on me
feel constrained to ask an honorable

discharge from the Army of my Country
which I have served faithfully if not
efficiently.

I am Sir very Respectfully
Yours

Hon. Jeff. Davis:

Dear Sir:

My long residence
in the State of Alabama, &
general acquaintance with
its people, subjects me to
applications I would not
otherwise receive.

I am informed that the
Field and Staff officers of
the 35th Regt. Ala. Vol^s have
solicited the appointment of
Col. E. V. O'Neal, of that State,
as Brig. General, and I
am requested to join in
obtaining his promotion.
The request is made by
several of the prominent
citizens of Ala. The same

subject was specially called
to my attention by Gen
Shorth and others, as I
passed Mrs' Montgomery.
I trust the promotion
of Col O'Neal will be
consistent with the public
interest. I have known
him intimately many
years. He is a man
of talents, & character.
He early entered for the
War - has been in five
hard fought fields, from
Seven Days to Boonville
- shot down in two of
them - with dangerous
wounds - and from one
of them will probably
halt for life. He has
been in charge of
a Brigade, a large

portion of the time, &
no officer from Illa,
stands higher for cour-
age, energy & discipline
I need add no more.

I cordially recommend
his promotion

Adj Office Phifers Brigade
September 2^d 1862

Maj: I would respectfully call your attention to Gen Order N^o 23, directing the attention of Brigade Commanders to Gen Order from War Department N^o 34 dated April 30th 1862, wherein it expressly enjoins upon the commanders to reserve one ambulance and one wagon for the use of the Hospital Department of each Regiment, and prohibiting its diversion to any other use. This transportation upon application to Maj Dyer Chief A.M. has been refused me, and unless you can supply it, it will be impossible for this Brigade to be equipped as required by the order referred to.

I would also call your attention to the fact that this Brigade stands greatly in need of shoes for the men, numbers of whom are barefooted; if by any means you can help me through these difficulties I should esteem it a great favor.

I am under the impression that the order of Gen Buagg does not refer to the transportation of the regimental desks & papers except so far as to prevent their being excessively bulky: as the regulations makes it obligatory

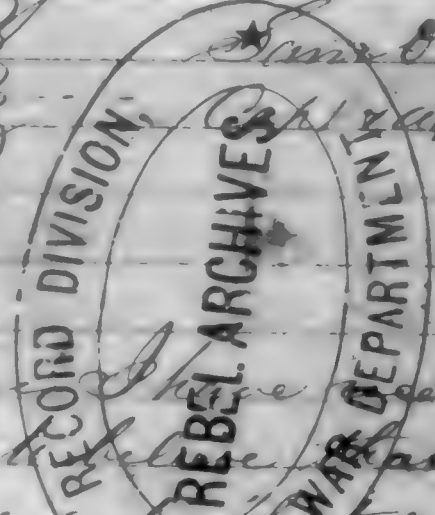

upon me to transport them subject to the
refrigeration also mentioned.

If I am not allowed to transport them, great
inconvenience must ensue in every department,
and I think that if you will weigh
the facts, and the object embraced by Gen.
Bragg's order, you will at once see that there
is no intention to retard the operation of the
general law upon transportation of official
property & papers.

Very Respectfully,
